Set your Goal

Your fundraising goal will inspire your donors to help you get there. You can always set yourself a more ambitious target to hopefully help you raise more.

Update your Page

Think of your fundraising page like your social media – keep the updates flowing with lots of pictures of how your training is going. And make sure you share your page far and wide!

Donate to your Page

Get your fundraising started with a donation to yourself. Your supporters will love your dedication and try and match your own donation

Say Thank You!

Remember to reply directly to donations on your page to let donors know how much their support means. And it works – fundraisers who say thank you get 50% more donations.

THANK
YOU!
